22-2223-2224-2225-2226-2227-2228-2229-2230-2231-2232-2233-2234-2235-2236-2237-2238-2239-2240-2241-2242-2243-2244-2245-2246-2247-2248-2249-2250-2251-2252-2253-2254-2255-2256-2257-2258-2259-2260-2261-2262-2263-2264-2265-2266-2267-2268-2269-2270-2271-2272-2273-2274-2275-2276-2277-2278-2279-2280-2281-2282-2283-2284-2285-2286-2287-2288-2289-2290-2291-2292-2293-2294-2295-2296-2297-2298-2299-2300-2301-2302-2303-2304-2305-23

PICTURE THEATRES AGAIN

Property Committee Discussed the Question.

MADE PEOPLE POOR

Was the Declaration of Ald Chester Walters.

All the aldermen detailed to act on the Property and License Committee were present last night at the first meeting of the new year. Many of last year's men were present, chief amongst whom was Ald. Green, as usual, or, occupying the chair. The clerk kept warm in 1913 by ex-Controller Bird was ably assisted by Controller Gardner. Besides the old aldermen were Ald. Walters, Ald. Alderson, Geo. Walters and Birrell.

The agenda was short. One feature that was rather interesting was brought up in reference to the Gore convention. There was a suggestion that to have installed there a full-swing device. A sub-committee was appointed to investigate. It was brought out that the furnace now used up a quarter of a ton a day.

Hop Wah, a Celestial, will not be able to stand in the clean shirt industry at 167 Perth street, in that a petition signed by a number of residents on that street states that it would be a detriment to the neighborhood to have another washing artist, may be more lucky, as a sub-committee will look into his application for a license to install at 81 Hunter street east. It is claimed that the proposed laundry would be detrimental to the neighborhood, as there was a petition against Lee hanging out a single, the general feeling was against this. The petition was on the Board of Control, but Ald. Birrell could not see it that way, politically, the members then went up to them, so an amendment was made that the Board of Control be recommended to install a radiator if necessary.

John Dowling, who has charge of one of the city's weight scales, has been ill for some time past, and asked for leave of absence for two months, for the vacation of his services, this was granted.

A number of people were admitted to the House of Refuge, and after this had passed upon the scheme of the House to have the beds in the House for Incurables moved closer together and let a number of patients from the House be taken in, was discussed some length, and as a whole the committee members expressed their opposition against this idea. At present there is room to accommodate about 100 more patients, and as the House was laid on the fact that those who went there were supposed to be incurable, this place is connected with the House of Refuge, and receive the same rate of seven cents a day for each patient. One again, a Birrell motion the floor and made a motion that in future, when a case was brought in, it should be that it be examined by the doctor and if not found incurable to be taken to the City Hospital. A sub-committee was appointed to look into the scheme.

Controller Gardner was appointed to act on the sub-committee who was charged with the renting of the old library building.

On Wednesday afternoon the usual tour of inspection will be held. All public institutions will be visited and a question of placing a new bridge in the eastern section of the city, that will be convenient to the merchants.

Ald. Birrell suggested that Secretary Barr and an order sheet to each of the committee a few of the items of the report, so that they would have time to read some of the items. This will be done.

A chairman thanked the committee members for their work in the committee, and not in the council.

After a committee had been formed to issue the license to the cinema, discussion arose over the sum of \$200 paid to the moving picture houses. Ald. Walters was somewhat against the moving picture men, advancing several arguments which showed that they were the cause of many people being poor in that when they were working they spent a great deal of their money in these places. He suggested that people did not want a picture house in this district, and that they would not want their wish should be granted.

Ald. Gladwin stood up for the "nick" shows, on the ground that if a man wanted to build a place of this nature it would mean a certain amount of work for a number of men. Nothing, however, was done in the matter.

LOST CHICKENS, FOUND PURSE.
Guelph, Jan. 15.—A farmer near Keweenaw, a few miles from Toronto, has found for tracks of the thief who had hatched his chicken roost the day before, found a purse containing \$56. He lost 22 hens and 20 pigs and the cash left behind allows a pretty fair price for the stolen birds.

PRISON ENQUIRY REPORT SOON.
Kingston, Jan. 15.—The members of the Prison Reform Commission are leaving on the final stage of their report before leaving for Toronto tomorrow. Mr. MacDonald, the chairman, stated that he expected to have the report ready for the Government in the middle of three or four weeks.

LAST OF BIG BROTHERS.
Welland, Jan. 15.—In the death of the person of Horneville Swick, the last of the remarkable Swick family. They were physically the largest men in the county. The largest man living, weighing 1,000 pounds. One died about seven years ago on the 15th of the month of January. He died this afternoon after suffering from dropsy for two years. He was 65 years of age.

RELLIS GOES TO JAFFA.
Newspaper, Jan. 15.—A dispatch from Jaffa says that Mendel Bellis, who was recently acquitted of a shooting murder and his wife, have gone to Jaffa. It is understood that Bellis has bought him a house in Palestine.

POPE BANS TANGO

Pastoral Letter Prohibits It in Rome.

Rome, Jan. 15.—Cardinal Basilio Pompili, Vice-General of Rome, representing the Pontiff, has issued a pastoral letter denouncing the tango, and also certain newspapers, theatrical performances and fashions, which, he declares, are perverting souls. The cardinal says:

"The tango, which has already been condemned by illustrious bishops, is prohibited even in Protestant countries. must be absolutely prohibited in the seat of the Roman Pontiff, the centre of the Roman Catholic religion."

He urges the clergy vigorously to raise their voice in defending the sanctity of Christian usages against the dangers threatening and the overwhelming immorality of the new paganism."

He warns parents that if they do not protect their children from corruption they will be guilty before God of failure in their most sacred duties.

ELECTED OFFICERS

Ward Eight Improvement Met Last Night.

Old President and Secretary Again in Office.

There was a good attendance at last night's meeting of Ward 8 Improvement Society, when the officers for the ensuing year were elected. There has been a great deal of interest in the work of the association, and the present president, T. H. Wills, the secretary, Geo. Stewart, and the ex-secretary, Alex. Boyd, were nominated for the presidency.

Before the elections were gone on with the minutes of the last meeting were read, and the treasurer, W. Beattie, gave his financial statement for 1913. On December 21st of that year the balance in the bank in favor of the association was \$24.46. A vote of thanks was passed to Mr. Beattie for his work during the past year.

When the business of the elections was proceeded with, President Wills was elected, and it was occupied by Mr. Alexander W. Farrar.

Mr. H. Allan, Dr. Burns spoke as candidates for the vice-presidencies, and Messrs. Geo. Catelpho, Wm. Henderson, Phil Couture, Wm. Herre, A. Pratt, L. Sterling and Wm. Farrar as executive committee candidates.

Mr. J. B. Plunkett and Mr. Fair were appointed scrutineers of the voting, which resulted as follows:

President, T. H. Wills, 26; George Stewart, 18; Alex. Boyd, 6. The chairman thanked the members for their support, and the announcement was heartily received.

The vice-presidents, Dr. Burns, first vice-president, Alex. Boyd, second vice-president, George Stewart, third vice-president, H. Allan.

C. H. Allan was elected secretary by acclamation. The following members were elected on the executive: George Catelpho, Wm. Henderson, Wm. Farrar, Wm. Herre, James Williamson, Wm. Summers, H. Cruphant and Mr. Allan.

During the scrutiny of the votes cast for the executive members, the following were elected: T. H. Wills, 26; George Stewart, 18; Alex. Boyd, 6. The chairman thanked the members for their support, and the announcement was heartily received.

The vice-presidents, Dr. Burns, first vice-president, Alex. Boyd, second vice-president, George Stewart, third vice-president, H. Allan.

During the scrutiny of the votes cast for the executive members, the following were elected: T. H. Wills, 26; George Stewart, 18; Alex. Boyd, 6. The chairman thanked the members for their support, and the announcement was heartily received.

The vice-presidents, Dr. Burns, first vice-president, Alex. Boyd, second vice-president, George Stewart, third vice-president, H. Allan.

C. H. Allan was elected secretary by acclamation. The following members were elected on the executive: George Catelpho, Wm. Henderson, Wm. Farrar, Wm. Herre, James Williamson, Wm. Summers, H. Cruphant and Mr. Allan.

THE CANADA OF THE FUTURE

Trust and Noblest Country Ever Seen.

CANADIAN CLUB

Heard Dr. F.R. Benson and Bishop Newnham

The members of the Canadian Club of the city were fortunate enough to be present at the luncheon at the Windsor Hotel last night heard two interesting addresses. The first speaker was Dr. F. R. Benson, LL.D., leading member of the Stratford-on-Avon Company. In opening his remarks he thanked the Canadian Club for the invitation to be present, and also for the hospitality which he had received from them and the citizens in general. He referred to the evolution of Canada and stated that every person should have a share in the making of the future. This he did not do only by talking, but by living together with true courage. All should interest themselves in solving problems of great importance to this and also the old country, and the rest of the world. He described the characteristics of great fighters, stating that a certain amount of gentleness was also essential, adding that no country would be successful at fighting that was not gentle. Canada could not be gentle, and many questions, and every person should put the noble stamp of British citizenship in every stranger visiting the country.

He congratulated the Canadian Club on its present progress, touching especially on the latter, which he remarked, was lacking with many of the old world. The old world's strong life could only be attained by obedience and duty. He concluded by saying that he was proud of the British race when he first saw Canada, and was sure that the British Empire was greater than he had ever imagined. Canada would grow to be the trust and noblest country that the world ever knew.

The other speaker of the evening was Rt. Rev. Newnham, D.D., Bishop of the Diocese of Saskatchewan. Bishop Newnham chose for his subject "Far Flung Saskatchewan." He had charge of the Diocese of the past twelve years, and having acquainted himself with the habits and country in general, was well qualified to speak on such a subject. Previous to being stationed in this country, the speaker had been in the Northern Saskatchewan was composed of 150,000 square miles, or was as large as the British Empire. The southern part, being fortunately, rather heavily timbered. He referred to the prairie of the southern part of the country, which he said was a beautiful part, the land was exhausted, though not being properly attended to. The people of the land were importing butter and poultry from the east. He dealt particularly in his address with Prince Albert, where he resided. He spoke on the great assets in that part of the Province, and also the drawbacks. The country, for its wealth, should be more thoroughly developed. The ground was the best, being deep rich land, while he had reason to believe that valuable minerals existed far north, which he expected, would be discovered as soon as the country was opened up with any stride.

The Saskatchewan River, he was sorry to say, could not be called an asset to the country, as it could not be used for any good purpose, but ere long he thought the government would do something which would make it navigable. Saskatchewan was a flourishing town, and was fast growing, having one of the most important business centres in the Province in the Saskatchewan University. He said the authorities were not believing everything they were told by a real estate broker, but prophesied a great future for the Province.

RIDE SAVED LIVES

Horseman's Warning of Weakened Dam in W. Va.

Cumberland, Md., Jan. 15.—Had not a horseman made a wild ride of twenty miles before daybreak this morning, through the Stony River Valley to Schott, W. Va., warning the people that the great storage dam of the West Virginia Fuel & Paper Co. had cracked and its crumbling walls threatened, the world probably have been great loss of life.

The telephone leading to the dam was out of commission, and the Paul Revere-like ride was the only means of warning the people, who immediately fled to the hills and camped by hundreds. A few persons had previously known of the imminent danger and had sought safety on the mountain-top. The great dam, which was completed a few months ago at a cost of a quarter of a million dollars, is a total wreck. At 3 o'clock this morning the break began at both ends, and at about 11 o'clock the front of the dam went out. The first break early this morning tended to minimize the force of the greater break just before noon, yet a wall of water thirty feet high, stretching between the narrow defile swept down, carrying everything before it.

At Piedmont, the telephone girl, when asked about the flood, said: "I don't know anything about the flood. Water all around us everything is being carried together with true courage. All the people gone to the hills. What's to be done of me?" It was understood the girl was taken taken out of the building in a boat.

The telephone girl, when asked about the flood, said: "I don't know anything about the flood. Water all around us everything is being carried together with true courage. All the people gone to the hills. What's to be done of me?" It was understood the girl was taken taken out of the building in a boat.

George Ort Will Manage Peterboro

Former Leader of Saints Will Look After Petes Next Season—Other Ball News.

St. Thomas, Jan. 16.—George Ort, last year's manager of the St. Thomas Canadian League team, has practically been engaged as manager of the Peterboro team for 1914. Peterboro has been dealing with him for some time. His successor here is "Midge" Craven, "Bud" Stewart, or Rube Deane.

Baltimore, Jan. 16.—Manager Knabe, of the Baltimore Federal League today signed Guy Zinn, who played with Rochester and Boston National last season, and Pitcher Frank Smith, who played for the Montreal Royals in 1913 and Enoch Kirkpatrick, Brooklyn's first infielder last year. Kirkpatrick was second for Newark in 1912. The Baltimore "Terrapins" now have the following signed players: Guy Zinn, second base; Kirkpatrick, second base; Knabe, third base; Mike Moore, pitcher; Edw. Hamilton and Secretary. It was stated that a number more would be under contract and that the new home of the Baltimore team will be opposite Jack Daniel's, on the waterfront and ground is expected to be ready Saturday. The park will have a capacity of 14,000.

Jan. 16.—A wild rumor has been set right to the fact that a plan is being conducted by the International League to force the draft right, which includes the an international club in

Washington, to be ready for the opening of the 1914 season. The idea is intended as a move to combat the new Federal League, though just how it would have such an effect is not made clear.

New York, Jan. 16.—The work of keeping well known players inside organized baseball's ramparts went steadily on yesterday, the three local clubs each making more progress. President Gaffney, of the Boston Braves, who was in sole command of headquarters in the Fifth Avenue building, yesterday, was in sole command of headquarters in the Fifth Avenue building. An out-of-town newspaper wired Mr. Hemphreid a request for his views as to the baseball outlook for 1914 and the New York magnate sent the following reply, which may be of some interest to the Federal League: "The outlook for baseball the coming season is fine. Interest in the game was very general last year, and now after the tour of the world by Mr. McGraw and Mr. Comiskey interest will be greatly increased. "Our club has twenty men under contract, with practically all of our players well satisfied with their connection with the Giants. "This coming season there will be only two big leagues, the National and the American, which is an ideal system. "Our offering as it does the opportunity of playing for the honor

of the season and making possible the wonderful world's series event. "Optimism reigns at our headquarters. Mr. Hemphreid said further that two of the Giants had just accepted the club's terms, but he would not make their names public until they had actually signed contracts.

President Ebbets, of the Brooklyn club, before he stepped out of town on a vacation, received telegrams from Zach Wheat and Nap Rucker that they had accepted his terms and would forward signed contracts to him. He also was told that three players from Kansas City and Philadelphia, Pa., respectively at once. Manager Robinson is out west trying to get other Dodgers in line, including Catcher Otto Miller and Pitcher Elmer Brown. Pitcher Dick Rudolph and Infielder Jack Martin called on President Gaffney and signed Boston National contracts without a bit of haggling over salary. Rudolph, who is visiting in the Bronx, went out of his way to give this statement to a reporter. "I signed with Mr. Gaffney to stay for 1914 and 1915 and I want to say that I don't think much of that offer. While I have not received an offer from the Federal League, I'd like to say that I don't think much of that offer. I believe that every player in organized baseball ought to consider his present employer before deciding to jump to the others. This should apply particularly to the young players who have chances to benefit themselves in the future.

"Nobody knows at the present time whether the Federal League will succeed. The Pete, having such much have enough money to make a winning fight for existence. I am a member of the fraternity which recently obtained a number of concessions from the National Commission and I believe that it is fair to say to our employers all members should return. "The players have no serious grievances. "It is hard to believe that sensible players will jump to an uncertainty. But of course you can't blame a fellow for trying to get it. I really can get \$20,000 in real money for three years. I'm indebted to McGraw, Gaffney and Stalling for liberal treatment in every way."

Mr. Gaffney also has signed Hank Gowdy, a catcher, and has received word from three other men that they will sign in a day or two.

A young catcher whose services were sought by a staff of the Richmond, Virginia, League Club sold him to Frank Chance last summer, wrote his name on a New York American League club contract yesterday. Jay Rogers is the name of this promising backstop, who was practically the best man in the Virginia League in that position last year. Rogers attracted the attention of Big Ed Sweeney, Dick Gommett and Bill Reynolds and is better fitted behind the bat than when he took hold of the stick. He is a native of New York, 22 years old, 5 feet 11 inches tall and weighs 165 pounds. He caught sixty-four games last year, making 281 put-outs, sixty-five assists and ten errors. He also swung his bat with telling effect, for he scored the plate 142 times for twenty-one runs, fifty-two singles and an average of .360. Rogers is a confident fellow, who believes he will succeed in his contract. As Chance plays no favorites, Rogers will have every opportunity while he is gone training at Houston, Tex., to prove his worth. Chance has three other catches—Big Ed Sweeney, Dick Gommett and Bill Reynolds—and is better fitted behind the bat than when he took hold of the stick. He is a native of New York, 22 years old, 5 feet 11 inches tall and weighs 165 pounds.

If Russell Ford, Chance's athletic pitcher, jumps to the New York Giants, New York fans will not cry their eyes out. The only regret will be the inability of the New York management to get one or two good players in a trade for the more famous names. Ford has been of little use since he made a trading record in 1910, under George Stalling. The following year he secured a contract with Farrell calling for more than \$25,000 a year. It was said that a trade expired last fall and Ford is well aware of the fact that he cannot have it renewed on that basis. Ford has been for three years he probably will take the bait. But the money will have to be placed in the bank to Ford's account. He is a native of New York, 22 years old, 5 feet 11 inches tall and weighs 165 pounds. If you search a garment when ironing it, a lump of ironing starch is sure to run, then sponge off; repeat till smooth is all gone.

Walter Knox to Train British Team

Former Canadian Will Train Olympic Team at \$2,000 a Year.

London, Jan. 16.—The Duke of Westminster's Olympic fund committee has decided to resign after disposing of the funds collected. The sponsors of the fund aspired to raise \$300,000, through a national subscription, but the amount subscribed and promised is less than \$50,000, nearly one-half of the projected sum. The committee has cash in hand, \$15,000; amount due on conditional promise, \$14,500, and on conditional promise, \$11,500. A very considerable amount has been utilized for expenses, and the liabilities amount to \$14,100.

The committee upon resignation will leave the conditional subscriptions to be paid over to the British Olympic Council for office staff expenses. The Amateur Athletic Association has undertaken to appoint W. R. Knox, the Canadian who trained the Canadian team for the Olympic games at Stockholm, as chief trainer of the British team for a term of three years, at a salary of \$2,000 a year and travelling expenses of \$750, to appoint nine supplementary trainers for a term of two years at a cost of \$2,500 a year.

Poor "Knotty" Gets Another Rap

To the Sporting Editor of the Times: Sir,—I have read with much interest the views of several local baseball fans in the situation of the local club. It is evident that the present owners of the club are in a quandary; they cannot agree on the management of the club, and the readers of your weight sporting page cannot figure out what will be done to clear the matter up. It is to be regretted that the baseball

supporters in this city should be called upon to support a club where the owners are constantly at war.

There is one thing that I have noticed, and that is to see the fans during the past three years. It is the almost unanimous dislike the fans have for Manager Lee. Now, in the first place, Lee has proven himself to be a poor manager. As a ball player he was a failure, but he was a failure on his part to come to Hamilton this season and ask for the support of the fans. The strength of what he has done for baseball in this city, I could pick out a dozen men in this city, anyone of them capable of handling the affairs of the club better than Lee has done.

Sir, Mr. Lee, you can see the handwriting on the wall. Get out of Hamilton in so far as baseball is concerned, and we have a team in the league with a real manager, a manager popular with the fans and with the players.

Simcoe Game Will Be Called Off

The Hamilton Juniors will have a very strong line-up tonight, when they play the Niagara Falls Juniors. The lineup will be as follows: Glad, Sloan or Hayden; left defense, McKinn; right defense, Connor; rover, McKinn; center, Reid; right wing, Boyd; left wing, Vetterliar.

Manager Graham, of the Juniors, received word from Simcoe this morning informing him that on account of having no ice, they would be unable to play the Hamilton team on Monday night.

GOT RIGHT ON RUMOR.
Calgary, Alta., Jan. 16.—Some well-known hockey players have been accused of the story that the Dominion Government was likely to eliminate the game of hockey from the program of the 1914-15 winter sports. It is now said to have been a canard, and speculators are believed to have made some millions of dollars on the rise and expect to make another substantial cleanup again when it becomes known the story is to remain as it is.

Johnson Is Sure After the Money

Paris, Jan. 16.—Jack Johnson and Frank Johnson, heavyweight of Pittsburgh, signed articles yesterday for a twenty-round bout for the heavyweight championship of the world. The fight is to take place in Paris on or before the day of the Grand Prix race, the first or second week in June.

The signing of the articles of agreement by Johnson and Moran, Charles McCarthy, formerly a fight promoter of Coney Island, dependent on the results of the Credit Lyonnais a cheque for \$25,000. The money was to be paid to the agreement to be withdrawn by Johnson earlier than the day of the fight. Johnson insisted on being allowed to draw in advance of the fight, but McCarthy objected.

"No matter how much of money, but he is after more. So am I," Johnson retorted. "The fight is being promoted by Philippe Roth and Emile Matton, who organized the bout between Jack Johnson and Jim Braddock." Moran received a \$5,000 guarantee with \$1,000 down, and the balance in three receipts over \$5,000. Moran, his backers and hangers on drank champagne in a dining room of the Ritz hotel, where three moving picture cameras were operating. Moran, his men and women, dined in riding habits, came and went in the rear of the hotel. The agreement should have been signed for \$100,000, but the balance here was \$100,000. He executed a cheque for \$100,000, but the balance here was \$100,000. He executed a cheque for \$100,000, but the balance here was \$100,000.

... ..

The only hotel strip in Hamilton. If you are not familiar with these indispensable stripes gives us an opportunity of proving to you their unlimited merits and value. William Pearce & Co. Ltd., Bank of Hamilton Bldg. Phone 2-7 for free estimate.
